Description	<p>With the co-operation of our Chairman Prabhakar Reddy Garu, In Unity College Of Pharmacy we had conducted a Skill development program on “RESUME WRITING” on 19.01.2018 at 11 Am in Seminar hall. In this occasion students and teaching staff actively participated in this program.</p> <p>In this our principal Garu delivered a few words regarding the importance of Resume Writing Skills “A resume objective is a short introduction of you and your career goals. To write a resume objective, mention the job title you want, add 2–3 key skills, and explain what you want to achieve in this job. Write 2–3 sentences. Resume objectives are best for candidates with little work experience. A resume objective is an eye-catching statement of your career intent that's placed on top of your resume. The resume objective provides a 2-3 sentence snapshot of your professional experience, skills, and achievements, and explains why they make you the right candidate for the job”.</p> <p>In this Programme nearly 86 students and teaching staff participated and made the program success.</p>

Description	<p>On 08.02.2018 at 10.30 am at Seminar hall, we held a Language and communication skills workshop on "PRESENTATION SKILS" with the Cooperation of our Chairman Prabhakar Reddy Garu. This programme was enthusiastically engaged in by students and instructional personnel on this occasion.</p> <p>Our Principle Garu spoke a few words on the significance of Communicative English Training & Communication Skills in this video: "Your major aim is to supply your audience with insight on a specific issue." This contribution serves as the foundation for conversation throughout your session. It is not only necessary to give the key concepts and ideas for a good debate, but it is also necessary to pique (and maintain/ enhance) your students' interest in the issue."</p> <ul style="list-style-type: none"> • Create a presentation with the audience in mind. • Have specific goals for their presentation. • Make use of 'attention grabbers' to improve their opening. • Provide powerful visual aids. • Present using a variety of approaches and technologies. • Use good presenting behaviours. <p>This programme was made possible by the participation of nearly 78 students and teaching professionals.</p>

This programme was enthusiastically engaged in by students and instructional personnel on this occasion.</p> <p>In this, our principal, Garu, spoke briefly on the relevance of ICT in the introduction of MICROMEDEX and hands-on practice.</p> <p>Competencies - The basic goal of software engineering is to produce reliable and efficient software. The goal of software engineering is to develop high-quality software.</p> <p>The following are the 12 technical abilities required to become a software developer:</p> <ul style="list-style-type: none"> • Programming languages. • Database expertise. • Algorithms and data structures. • Source management. • Procedures for testing. • Understanding of debugging. • Computer operating systems. • Software for text editing. 	

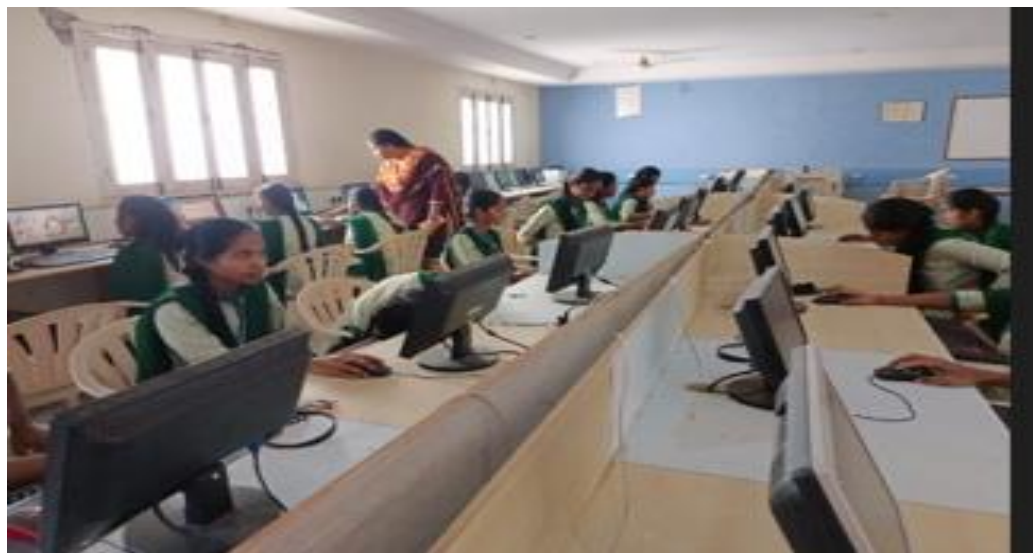

Micromedex is an indexing database that enables full-text access to tertiary literature. This tertiary literature contains impartial, referenced data on medications, toxicity, illnesses, acute care, and alternative medicine.

Micromedex allows you to search by medication, illness, or toxicity. Moreover, the Ask Watson search employs artificial intelligence to provide responses to basic medication reference inquiries. Micromedex also has the following features:

Drug Interactions-Checks medication interactions, effects, and clinical importance.

This programme was made possible by the participation of roughly 95 students and teaching personnel.
