| Description | <p>On February 6th, 2019, the Unity College of Pharmacy hosted a workshop on Spoken English and Communication skills. Sten Corniche Education Services provided the day's resource person. On behalf of the Principal, Heads of Departments, and students, the workshop speaker was warmly welcomed to the session. Our revered principal had addressed the audience. The event's coordinator introduced the resource person and his accomplishments.</p> <p>The workshop is an endeavor to teach students soft skills that would aid them in passing recruiting entrance tests. The event was preceded by a resource person who took over and presented a lecture on leadership qualities. He went on to discuss the significance of leadership abilities in diverse workplaces. The workshop continued with the theme communication skills, where ways for developing communication were provided, assuring positive outcomes in all aspects.</p> <p>The student's communication and interview abilities were the primary focus. The pupils were pleased by the guest speaker's unique proposals and ideas. He listed some of the milestones attained by outstanding leaders via the use of soft talents. He went on to say that all pupils should now be equipped to ensure strong leadership skills for kids. The seminar became more instructive as he continued to speak about the importance of leadership and soft skills for employment. Participation in an unexpected jam session, group discussions, debates, and other activities that assist extend the boundaries for student engagement and development.</p> <p>His concentration was on communication and soft skill development, as well as establishing employability skills that would aid students' academic success. The event concluded with our esteemed Principal. He was grateful for the useful suggestions provided by the resource person, and he praised the institution for</p> | |

launching such a competent and instructive discussion. Lastly, the workshop's coordinator expressed appreciation to the college's administration for their ongoing support and encouragement to attend such valuable sessions. The workshop was well welcomed and interesting. He also complimented them for their outstanding efforts in giving such venues to kids and assisting them in reaching significant heights of accomplishment.

Micromedex is an indexing database that enables full-text access to tertiary literature. This tertiary literature contains impartial, referenced data on medications, toxicity, illnesses, acute care, and alternative medicine.

Micromedex allows you to search by medication, illness, or toxicity. Moreover, the Ask Watson search employs artificial intelligence to provide responses to basic medication reference inquiries. Micromedex also has the following features:

Drug Interactions-Checks medication interactions, effects, and clinical importance.

This programme was made possible by the participation of roughly 98 students and teaching personnel.
