**ACTIVITY REPORT**

<b>Name of the Activity</b>	SAVE SOIL MOVEMENT- SADGURU VISIT TO HYDERABAD	
<b>Type of Activity</b>	Awareness campaign	
<b>Date and Time of Activity</b>	16-06-2022	--
<b>Details of Participants</b>	<b>Students and Faculty</b>	
<b>Coordinator(s)</b>	Mrs.Swapna Indrapally	MR. Ramnarsaiah
<b>Organizing Dept./Support System</b>	NSS department	
<b>In collaboration with</b>	NSS UNIT	
<b>Description</b>	<p>Sadhguru, an Indian spiritual leader, founded the worldwide Save Soil movement to fight soil erosion and promote wholesome soil. The initiative was presented on 5 April at the United Nations in Geneva by the Isha Foundation and sponsored by the WHO, UN SDG lab, and IUCN.</p> <p>In order to raise awareness about soil degradation and promote the return of organic matter to agricultural processes, the VAGDEVI Foundation, an IUCN Member, inaugurated the "Trip to Preserve Soil" in UCOP on March 21. Its founder, Sadhguru, set off on a 100-day motorbike journey through 26 nations.</p> <p>The physical, chemical, and biological deterioration of soil quality is known as soil degradation. Half of the world's soil is depleted due to unabated deforestation, urbanisation, industrial pollution, overgrazing, and unsustainable farming methods. deteriorated already. Its loss puts at risk the quality and availability of food, water security, and biodiversity, increases the danger of a change in the climate, and can result in loss of livelihood, conflict, and migration. There has never been a greater pressing need to alter farming methods.</p> <p>Students and staff from UCOP for Women participated in the movement and Sadhguru's visit to Hyderabad as part of this effort, and they also planted a few trees in the Shamshabad neighbourhood.</p>

### Activity Report

<b>Name of the Activity</b>	Awareness campaign on usage of Biodegradable covers	
<b>Type of Activity</b>	Environmental Awareness	
<b>Date and Time of Activity</b>	23-07-2022	
<b>Details of Participants</b>	Students and Faculty	
<b>Coordinator(s)</b>	Mrs.SANDYA RANI	Mr.B.Chinna yaganti
<b>Organizing Dept.Support System</b>	All department	
<b>In collaboration with</b>	SEMINAR HALL	
<b>Description</b>	<p>The majority of plastics we use today are still produced using fossil fuels, which results in higher greenhouse gas emissions during all stages of manufacture, use, and disposal. Furthermore, recycling rates are still low, and plastics continue to be a concern to the environment due to littering, poor waste management, and product wear and tear that contaminates the environment with microplastics. Polymers and the chemical additives they contain have a long half-life in nature and may end up in the food chain. Several firms have introduced polymers that are regarded as bio-based, compostable, or biodegradable in response to rising public demand. Yet, barely 1% of the market is occupied by these kinds of plastics.</p> <p>Plastics that decompose and can be composted should decrease the environmental issue that plastics present, but they still need to be disposed of properly, an important element that is frequently poorly understood by consumers, according to the EEA briefing. For instance, over a predetermined amount of time, microbes can convert biodegradable and compostable materials into new biomass, water, carbon dioxide, and mineral salts.</p> <p>As part of this awareness campaign, UCOP students and staff travelled to the village and raised awareness about plastic bags, how safe they are for the environment, and the dangers they bring.</p>

### Activity Report

<b>Name of the Activity</b>	Tree plantation at Govt. school	
<b>Type of Activity</b>	Environment Promotional Activity Awareness	
<b>Date and Time of Activity</b>	23-07-2022	2:00 pm to 4:00pm
<b>Details of Participants</b>	Students and Faculty	
<b>Coordinator(s)</b>	Mrs. K. Manjula	
<b>Organizing Dept. Support System</b>	ALL department	
<b>In collaboration with</b>	COLLEGE CAMPUS	
<b>Description</b>	<p>Our college arranged tree planting initiative to raise public awareness about climatechange and its negative effects on us. The principal of our institution, was the guest of honor for this tree planting programme, which beganat 2:00 in the afternoon. A range of 200 plants were planted in the college garden andperiphery of the college playground to create an awareness about saving trees. Students planted many saplings and it contains medicinal properties The program ended at 4:00 p.m. the students pledged to plant as many trees as possible near our areas so as to create a very healthy environment and contribute in minimizing the climatic changes. We hope that everyone will plant a tree at least once in their lifetime to help preserve theenvironment.</p>

<b>Description</b>	<p>On World Nature conservation Day" on July 28, 2020. All of the staff and students had planted the plants at their homes on this occasion.</p> <p>On this occasion, our chairman Sir, took the initiative and planted a plant. He delivered a speech in which he encouraged everyone to plant at least one tree each year in order to create a pollution-free society. This programme was delivered entirely online. The majority of the faculty illustrated their interest by planting trees in their immediate surroundings.</p>

<b>Description</b>	The dangers that plastics pose are numerous. The becomes littered with plastic bag garbage, presenting an unsightly and poor sanitary conditions sight. As a result of the "throw-away culture," these bags end up in the city. On September 9th, 2019, the college held an awareness rally from campus to signal titled "Say no to plastic." The principal, vice-principal, staff, and students all took part and explained the effects of plastic on current and future generations. Congratulations to NSS Coordinator and the SAC team for organizing this event. and we hope to see more of von the fixture.

## Activity Report

<b>Name of the Activity</b>	LAKE CLEANING PROGRAMME	
<b>Type of Activity</b>	Social Service	
<b>Date and Time of Activity</b>	18-09-2019	10:30 AM to 04:30PM
<b>Details of Participants</b>	All staff and students	
<b>Coordinator(s)</b>	Mr. Ram Narasaiah	
<b>Organizing Dept. of Support System</b>	All department Hod's	
<b>In collaboration with</b>	NSS UNIT	
<b>Description</b>	<p>Let's stop arguing over who we think created the Earth and join forces to resist those who want to do it harm." With the help of the Dhruvansh Organization, the UCOP NSS team, led by Mr. M. Anil, faculty, and students, launched a massive mission to clean the Edulabad Lake in Edulabad on September 18. Therefore, the objective attempts to remove waste materials such lily pads, creepers, scum, water plants, and other weeds from the water body. We are grateful for the efforts made by the entire team to clean the lake. With participation certificates, the management has shown its appreciation for the work of the faculty and employees.</p>
