

## NATIONAL PHARMACY WEEK CELEBRATIONS

In accordance with the Indian Pharmaceutical Association (IPA) guidelines, the annual National Pharmacy Week celebrations are scheduled for the third week of November. The year 2025 marks the 64th iteration of these celebrations. Each year, the IPA announces a theme, such as 'Pharmacists as Advocates of Vaccinations,' to guide the activities. As part of the Pharmacy Week celebrations, we shall organize awareness programs in villages, awareness rallies, and various competitions, including poster presentations, elocution contests, essay writing competitions, and quiz programs.
